Environmental Protection:

Fungus resistant

Min. Tensile Strength (psi):

28 pounds per square inch

Nominal thickness:

0.254 millimeters

Product Name:

Interlined vinyl protection tape

Special Features:

Tape has rubber-based adhesive. Tape meets boeing specs: bac 5034, bac 5307, and bac 5412.

Color:

Black

Material:

Plastic polyvinyl chloride background

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
