**Min. Tensile Strength (psi):**

1000 pounds per square inch

**Width:**

4.0 inches

**Tempurature Rating:**

-40.0 degrees fahrenheit and 220.0 degrees fahrenheit

**Thickness:**

0.500 inches

**Length:**

30.0 inches

**Strengthening Feature Material:**

Neoprene compound

**Product Name:**

Mrap-cougar

**Color:**

Black one side

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A26800
