Min. Tensile Strength (psi):

1000 pounds per square inch

Width:

4.0 inches

Tempurature Rating:

-40.0 degrees fahrenheit and 220.0 degrees fahrenheit

Thickness:

0.500 inches

Length:

30.0 inches

Strengthening Feature Material:

Neoprene compound

Product Name:

Mrap-cougar

Color:

Black one side

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
