| Nonmetallic Hardness Rating:                        |
|---|
| 60.0 shore durometer a                              |
| Min. Tensile Strength (psi):                        |
| 1500 pounds per square inch                         |
| Length:   |
| 12.000 inches                                       |
| Surface Condition:                                  |
| Smooth both sides                                   |
| Cross-sectional Height:                             |
| 0.031 inches  |
| Cross-sectional Width:                              |
| 0.500 inches  |
| Environmental Protection:                           |
| Weather resistant and ozone resistant and petroleum |
| Material:   |
| Rubber  |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:                                    |
|   |
| Demilitarization:                                   |
| No  |
| Fiig:   |
| A26800  |
|   |
