Fabrication Method:

Rolled

Width:

20.000 inches

Thickness:

0.010 inches

Length:

5424.000 inches

Material Transparency:

Clear

Special Features:

For forming skin packages on ampak machine model sa-240

Color:

Clear

Material:

Poly-tite double drape plastic film

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
