Fabrication Method:

Not specified

Min. Tensile Strength (psi):

8000 pounds per square inch

Width:

36.000 inches

Thickness:

0.060 inches

Length:

60.000 inches

Material Transparency:

Clear

Color:

Clear

Material:

Plastic methyl methacrylate

Specification Or Standard:

2 type and a style

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
