Fabrication Method:

Cellular, exploded

Width:

50.000 inches

Thickness:

0.250 inches

Length:

57.000 inches

Material Transparency:

Opaque

Material:

Plastic, polyurethane foam

Material:

Plastic polyurethane

Reference Number Differentiating Characteristics:

As differentiated by color, length and width

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
