**Fabrication Method:**

Laminated and solid

**Nonmetallic Hardness Rating:**

Not rated

**Min. Tensile Strength (psi):**

Not rated

**Width:**

12.500 inches

**Thickness:**

0.500 inches

**Length:**

25.200 inches

**Material Transparency:**

Opaque

**Strengthening Feature Material:**

Cement, mil-c-4003

**Flexural Strength:**

Not rated

**Strengthening Feature:**

Backing

**External Strengthening Feature Location:**

Both sides

**Color:**

Green, federal standard 595, 24533

**Material:**

Plastic, mil-p-15280, type 2, form 2

**Material:**

Rubber synthetic

**Material Specification:**

Mil-p-15280, type 2, form 2 military specification 1st material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A26800

**Mil-std (military Standard):**

Mil-p-15280 spec.
