Fabrication Method:

Laminated

Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Thickness:

0.062 inches

Flexural Strength:

55000 pounds per square inch and 45000 pounds per square inch

Color:

No color specified

Material:

Glass fabric, epoxy resin

Material:

Glass fabric, epoxy resin

Specification Or Standard:

4 type and g10 grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A26800
