Min. Tensile Strength (psi):

1700 pounds per square inch and 1200 pounds per square inch

Width:

120.000 inches

Thickness:

0.008 inches

Length:

1200.000 inches

Material Transparency:

Clear

Material:

Plastic, I-p-378, type ii, class 1, grade b, finish 1

Material:

Plastic, I-p-378, type ii, class 1, grade b, finish 1

Specification Or Standard:

1 class and 1 finish and b grade and ii type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
