Fabrication Method:

Cellular, exploded

Width:

36.000 inches

Thickness:

0.500 inches

Length:

120.000 inches

Material Transparency:

Clear

Material:

Plastic, polyurethane foam

Material:

Plastic polyurethane

Reference Number Differentiating Characteristics:

As differentiated by width

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
