Fabrication Method:

Cellular, exploded

Width:

48.000 inches

Thickness:

0.375 inches

Length:

72.000 inches

Material Transparency:

Translucent

Criticality Code Justification:

Feat

Special Features:

Differentiated by color, length, width and thickness

Material:

Plastic, polyurethane

Material:

Plastic polyurethane

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
