End Application:

An/alq-153 v support equipment

Material Transparency:

Translucent

Wire Mesh Pattern:

Square

Features Provided:

Frame

Heat Absorbing Characteristic:

High light transmission

Special Features:

Electromagnetic interference protected

Color:

Red

Material:

Plastic or plastic methyl methacrylate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15000
