**Cross Sectional Shape:**

Round

**Inside Diameter:**

1.030 inches

**Outside Diameter:**

1.250 inches

**Exterior Color:**

Natural

**Inside Surface Condition:**

Smooth

**Measuring Method And Length:**

8.560 inches

**Material:**

Plastic melamine tube and glass tube

**Material Specification:**

Astm d709, class rolled, grade g-5, type iv assn standard single material response tube

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A54200
