Nonmetallic Hardness Rating:

75.0 astm scale and 95.0 astm scale

Width:

8.000 inches

Thickness:

0.014 inches

Material Transparency:

Clear

Protective Covering Material:

Silicone rubber

Special Features:

Coated w/ pressure sensitive adhesive

Material:

Plastic polyurethane

Supplementary Features:

Tensile str 60 lbs/in. Width

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
