Fabrication Method:

Laminated

Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Width:

24.000 inches

Thickness:

0.062 inches

Length:

24.000 inches

Flexural Strength:

Not rated

Special Features:

Smooth finish

Color:

Black and yellow

Material:

Plastic

Material:

Plastic

Reference Number Differentiating Characteristics:

As differentiated by length, width and thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
