Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

3500 pounds per square inch

Width:

1.750 inches

Thickness:

0.120 inches

Length:

9.000 inches

Flexural Strength:

6000 pounds per square inch

Color:

Gray

Material:

Plastic, acrylonitrile butadiene-styrene copolymer, mil-p-19904, grade sb or plastic, acrylonitrile butadiene-styrene copolymer, mil-p-19904, grade fr

Material:

Plastic acrylonitrile-butadiene-styrene (abs) or plastic, acrylonitrile butadiene-styrene copolymer, mil-p-19904, grade fr

Material Specification:

Mil-p-19904, grade sb military specification 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800

Mil-std (military Standard):

Mil-p-19904 spec.
