Nonmetallic Hardness Rating:

86.0 rockwell r

Min. Tensile Strength (psi):

4600 pounds per square inch

Width:

54.000 inches

Thickness:

0.062 inches

Length:

94.000 inches

Flexural Strength:

Not rated

Special Features:

Smooth finish

Color:

Red

Material:

Plastic, acrylonitrile-butadiene-styrene

Material:

Plastic acrylonitrile-butadiene-styrene (abs)

Reference Number Differentiating Characteristics:

As differentiated by length, width and thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
