Fire Retarding Characteristic:

Not fire retarding

Width:

48.000 inches

Thickness:

2.000 inches

Length:

108.000 inches

Surface Condition:

Rough

Density Rating:

2.3 pounds per cubic foot

Compression Strength At 25 Pct Deflection:

8.0 pounds per square inch

Color:

White

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T258-d
