Width:

4.250 inches

Thickness:

0.010 inches

Length:

1200.000 inches

Material Transparency:

Clear

Special Features:

For use in a heat roll laminator, core size must be specified 1 in., 2-1/4 in. Or 3 in.

Material:

Plastic, polyester

Material:

Plastic polyester

Reference Number Differentiating Characteristics:

As differentiated by width and thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
