Overall Length:

9.260 inches

Overall Width:

2.547 inches

Overall Thickness:

0.125 inches

Material Transparency:

Clear

Features Provided:

Conductive coating

Special Features:

Uncolored; 0.100 in. Taper lg 45 degrees taper angle 2 bottom corners; 0.136 in. Diameter 6 holes 2 on each corner top 4 on bottom

Material:

Plastic acrylic

Material Specification:

Mil-p-5425 finish a military specification single material response

Style Designator:

Square corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15000

Mil-std (military Standard):

Mil-p-5425 spec.
