Fabrication Method:

Laminated

Width:

21.000 inches

Thickness:

0.062 inches

Length:

50.000 inches

Material Transparency:

Opaque

Special Features:

Color black on inner layer

Color:

Aluminum, brushed

Material:

Plastic

Material:

Plastic

Reference Number Differentiating Characteristics:

As differentiated by length and width

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
