Min. Tensile Strength (psi):

7000 pounds per square inch

Width:

24.000 inches

Thickness:

0.125 inches

Length:

24.000 inches

Protective Covering Material:

Paper

Special Features:

High polish finish

Color:

Gray both sides

Material:

Plastic, I-p-535, comp a, type 1, class 3

Material:

Plastic, I-p-535, comp a, type 1, class 3

Specification Or Standard:

3 class and a composition and i type

Departure From Cited Designator:

As modified by color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
