Overall Length:

96.000 inches

Overall Width:

48.000 inches

Overall Thickness:

0.250 inches

Material Transparency:

Clear

Special Features:

Simulated weathering when specified

Material:

Plastic acrylic

Material Specification:

L-p-391, grade c, type 3 federal specification single material response

Style Designator:

Square corners

Specification Or Standard:

C grade and iii type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A15000
