Fabrication Method:

Laminated

Material Transparency:

Opaque

End Application:

Test adapter; f100-pw-200; gse f-16a/b/c/d.

Special Features:

Fiberglass board for mounting various pins and connectors; lower portion of interface test adapter.

Material:

Fiberglass

Material:

Glass fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
