Overall Length:

2.100 inches

Overall Width:

1.000 inches

Material Transparency:

Clear

Wire Mesh Pattern:

Square

Features Provided:

Conductive coating

Special Features:

Electro-magnetically shielded.

Material:

Plastic acrylic

Material Specification:

L-p-391 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15000

Mil-std (military Standard):

spec.
