Min. Tensile Strength (psi):

3 pounds per square inch

Thickness:

0.250 inches

Material Transparency:

Opaque

End Application:

Ground support equipment, b-2 bomber

Special Features:

Acoustic/thermal insulation.

Material:

Plastic, polyamide

Material:

Plastic polyamide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
