**Min. Tensile Strength (psi):**

13000 pounds per square inch

**Width:**

24.000 inches

**Thickness:**

1.000 inches

**Length:**

48.000 inches

**Material:**

Plastic, polyamide, polyhexamethylene adipamide, I-p-410

**Material:**

Plastic polyhexamethylene adipamide

**Material Specification:**

L-p-410 federal specification 1st material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A26800
