**Width:**

14.140 inches

**Thickness:**

0.188 inches

**Length:**

56.200 inches

**End Application:**

Aircraft, b-2 bomber (atb)

**Product Name:**

Cover

**Special Features:**

Abs plastic per astm-d4673-98 fire resistant color red to be a close match to fed-std-595, color 11302; round off edges and corners of vacuum mold, per usual shop practice, to facilitate part release

**Color:**

Red both sides

**Material:**

Plastic, acrylonitrile-butadiene-styrene

**Material:**

Plastic acrylonitrile-butadiene-styrene (abs)

**Specification Data:**

81346-astm-d4673-98 professional/industrial association standard

**Specification Or Standard:**

00302 color

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A26800
