Width:

11.080 inches

Thickness:

0.312 inches

Length:

55.500 inches

End Application:

Aircraft, b-2 bomber (atb)

Product Name:

Spacer

Special Features:

Abs plastic per astm-d4673-98 fire resistant color red to be a close match to fed-std-595, color 11302; use abs cement to bond all abs parts

Color:

Red both sides

Material:

Plastic, acrylonitrile-butadiene-styrene

Material:

Plastic acrylonitrile-butadiene-styrene (abs)

Specification Data:

81346-astm-d4673-98 professional/industrial association standard

Specification Or Standard:

00302 color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
