Fabrication Method:

Extruded

Width:

1.130 inches

Thickness:

0.125 inches

Length:

9.200 inches

End Application:

Aircraft, b-2 bomber (atb)

Special Features:

Red is to be close match to fed-std-595, color 11302

Color:

Red both sides

Material:

Plastic, acrylonitrile-butadiene-styrene

Material:

Plastic acrylonitrile-butadiene-styrene (abs)

Specification Data:

81346-astmd 4673-98 professional/industrial association standard

Specification Or Standard:

11302 color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
