Min. Tensile Strength (psi):

8000 pounds per square inch

Thickness:

0.250 inches

End Application:

Aircraft, phantom, mcdonnell douglas corp

Material:

Plastic acrylic

Material Specification:

Mil-p-5425 military specification 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800

Mil-std (military Standard):

Mil-p-5425 spec.
