Min. Tensile Strength (psi):

80 pounds per square inch

Width:

1.000 inches

Tempurature Rating:

-30.0 degrees fahrenheit and 100.0 degrees fahrenheit

Thickness:

0.250 inches

Length:

50.000 feet

End Application:

2510-01-533-9110, armor kit, d7g

Product Name:

Adhesive backed pvc foam strip, smooth finish

Special Features:

4psi (25% deflection) firmness; 60 oo durometer hardness; 40-60% stretch limit; 12lbs/cu ft density

Color:

Black both sides

Material:

Plastic, vinyl chloride

Material:

Plastic polyvinyl chloride

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
