Inside Diameter:

48.3 millimeters

Length:

270.000 millimeters

Color Coding/special Markings:

Included

Color Coding:

Gray

Special Features:

Operating temperature in degrees fahrenheit, 248 degrees or below fahrenheit-; material-split nylon expands and contracts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T258-f
