Width:

8.000 inches

Thickness:

0.020 inches

Length:

9.000 inches

End Application:

7385926 (53711), fwd propulsion section assembly

Product Name:

Dwg: degauss j-box heat conducting pad

Special Features:

Made from gpovus-0.020-00-0816 (55285); has 8 holes, 0.203 in. Dia.; in each corner and at the middle of each side

Material:

Plastic, polyester and silicone rubber

Material:

Plastic polyester and rubber silicone class q

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
