**Width:**

8.000 inches

**Thickness:**

0.020 inches

**Length:**

9.000 inches

**End Application:**

7385926 (53711), fwd propulsion section assembly

**Product Name:**

Dwg: degauss j-box heat conducting pad

**Special Features:**

Made from gpovus-0.020-00-0816 (55285); has 8 holes, 0.203 in. Dia.; in each corner and at the middle of each side

**Material:**

Plastic, polyester and silicone rubber

**Material:**

Plastic polyester and rubber silicone class q

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A26800
