Width:

48.000 inches

Thickness:

0.002 inches

Length:

Between 180.0 yards and 360.0 yards

End Application:

4920-01-465-7013

Product Name:

Tape, double coated

Special Features:

Single liner tapes with stable differential relationship; good initial quick stick and adhesion build over time; adhesion to silicone rubbers and silicone foam; excellent solvent resistance; superior temperature performance

Color:

White

Material:

Plastic, polyethylene terephthalate and silicone rubber

Material:

Plastic polyethylene terephthalate and rubber silicone class q

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T258-a
