Width:

5.380 inches

Thickness:

3.000 inches

Length:

10.800 inches

End Application:

1425-01-442-4821

Product Name:

Foam, storage bad blocks

Special Features:

Block is cut as follows: with long edges horizontal, starting 3.210 inch from bottom left corner and 3.21 in. Up, cut left edge with 3.21 in. Radius; repeat on right edge; from center top, cut out area with radius of 3.250 in. Resulting in piece resembling a shortened canoe

Material:

Polyethylene or polypropylene foam per a-a-59135 or equiv

Material:

Polyethylene or polypropylene foam per a-a-59135 or equiv

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T258-d
