Wall Thickness:

0.0312 inches

Inside Diameter:

Between 0.062 inches and 0.500 inches

Length:

10.0 feet

End Application:

NSN5-85-501-6162

Plastic Material:

Plastic, polyethylene

Color Coding/special Markings:

Not included

Color Coding:

Black

Operating Temperature Range In Deg Fahrenheit:

-75.0 to 190.0

Product Name:

Spiral bundling wrap

Special Features:

Uv-resistant polyethylene; ul recognized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T258-f
