Overall Length:

9.750 inches

Overall Width:

2.562 inches

Overall Thickness:

2.500 inches

End Application:

Boiler water level indicator

Material Transparency:

Translucent

Edge Type:

Half round

Special Features:

Convex shape

Special Markings:

11 horizontal grid lines

Material:

Plastic acrylic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A15000
