Overall Length:
21.000 inches
Overall Width:
25.000 inches
Material Transparency:
Clear
Features Provided:
Frame
Insulating Air Space Material Arrangement:
Plastic to glass
Material:
Glass plate
Material Specification:
Mil-g-2857 military specification single material response
Style Designator:
Square corners
Reference Number Differentiating Characteristics:
Magnetic permeability shall not exceed 2.0 after fabrication
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A15000
Mil-std (military Standard):
Mil-g-2857 spec.
