Overall Length:

6.400 inches

Overall Width:

2.500 inches

Overall Thickness:

0.080 inches

Material Transparency:

Clear

Special Features:

Individual pieces shall be adequately wrapped to protect coated surfaces .A

Special Markings:

Identify per mil-std-130

Material:

Glass

Material Specification:

Astm c1036, type 1, class 1, quality q4 national specification single material response

Style Designator:

Square corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15000
