Overall Length:

13.250 inches

Overall Width:

9.000 inches

Overall Thickness:

1.750 inches

End Application:

Compressor, panel control

Material Transparency:

Clear

Features Provided:

Frame and conductive coating

Material:

Glass

Style Designator:

Square corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A15000
