Overall Length:

48.000 inches

Overall Height:

0.125 inches

Overall Width:

48.000 inches

End Application:

Aircraft, osprey v-22a, marine corps; arr list; bulk items

Product Name:

Navy: fiberglass sheet; mfr: fiberglass (frp)

Special Features:

Tensile strength: lengthwise: 30,000psi, crosswise: 7,000psi; impact strength: lengthwise: 25 ft-lbs/in, crosswise: 4 ft-lbs/in; hardness: barcol 45 per astm d696; use indoors and outdoors; machine with carbide tooling; resists: uv rays, acetic acid (10%), ethylene glycol, magnesium chloride, phosphoric acid, and sodium chloride; color is opaque green; temp range: m50.0-p140.0 degrees f

Color:

Green

Material:

Glass fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A550v0
