**Unit Package Type:**

Bag

**Application Type:**

Wet

**Content Within Each Unit Package:**

100 lb

**Component Material:**

Caustic, alkali and alumina and calcium oxide and iron oxide and magnesium oxide and silica

**Setting Type:**

Air

**Maximum Temperature For Which Designed:**

2900.0 degrees fahrenheit

**Special Features:**

Dry form

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T347-b
