Width:

4.500 inches

Thickness:

2.500 inches

Length:

9.000 inches

Material Percentage:

57.500

Pyrometric Cone Minimum Equivalent:

No. 35 /3245 degrees f/

Minimum Rupture Modulus:

500.000 pounds per square inch

Material:

Hi-alumina

Material:

Hi-alumina

Style Designator:

Straight split soap

Specification Or Standard:

A grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T347-a
