Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Temperature Rating:

Not rated

Diameter:

Between 0.146 inches and 0.166 inches

Length:

24.000 inches

Environmental Protection:

Warp/twist

Special Features:

Color, natural or black

Material:

Plastic, astmd709, type 1, grade xx

Material:

Plastic, astmd709, type 1, grade xx

Specification Data:

81346-astmd709 professional/industrial association standard

Specification Or Standard:

I type and xx grade

Departure From Cited Designator:

As modified by diameter and color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14500
