Nonmetallic Hardness Rating:

50.0 rockwell r

Min. Tensile Strength (psi):

7000 pounds per square inch

Diameter:

0.750 inches

Length:

36.000 inches

Environmental Protection:

Not rated

Special Features:

Color, red

Material:

Fiber, mil-f-1148, grade ch, form r

Material:

Paper

Material Specification:

Mil-f-1148, grade ch, form r military specification single material response

Specification Or Standard:

Ch grade or r form

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14500

Mil-std (military Standard):

Mil-f-1148 spec.
