Min. Tensile Strength (psi):

11000 pounds per square inch

Diameter:

0.312 inches

Environmental Protection:

Abrasion resistant and hydrocarbon and phosphate ester and corrosion and crack and fire resistant and high impact resistant and fuel resistant and grease and oil resistant and high temperature and mildew resistant and wear resistant and weather resistant

Special Features:

Color, light cream

Material:

Plastic, polyamide, polyhexamethylene adipamide, I-p-410

Material:

Plastic polyhexamethylene adipamide

Material Specification:

L-p-410 federal specification single material response

Specification Or Standard:

Polyhexamethylene adipamide, natural, with or without fillers composition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A14500
