Fabrication Method:
Felted
Width:
0.343 inches
Overall Length:
1.093 inches
Thickness:
0.250 inches
Specific Use:
Lubricate starter gear
Wire Insert:
Not included
Material:
Felt
Material:
Wool
Wool Shape:
Shape:
Shape: Flat
Shape: Flat Fsc Application Data:
Shape: Flat Fsc Application Data: 1. Starter, engine electrical system, aircraft
Shape: Flat Fsc Application Data: 1. Starter, engine electrical system, aircraft Shelf Life:
Shape: Flat Fsc Application Data: 1. Starter, engine electrical system, aircraft Shelf Life: N/a
Shape: Flat Fsc Application Data: 1. Starter, engine electrical system, aircraft Shelf Life: N/a Unit Of Measure:
